Private

Training is always private. One instructor, one company per session. This provides you with a tailored learning experience that focuses on your specific training goals.

Renewable

Unused training hours don't expire for customers enrolled in the Mastercam Maintenance Program. Remaining training hours will roll over into the next year until your maintenance expires.

Customized

We recommend using your parts and designs. We will be happy to sign your Non-Disclosure Agreement for training on proprietary part designs. You can also choose from our large, diverse library of samples to use for your training examples.

Comprehensive

Streamingteacher® courseware is used exclusively for our Mastercam training materials and is highly recommended for continued learning after completing training. Streamingteacher® provides over 150 hours of classroom study material, examples and sample files*.

**Sold separately. To order, go to www.streamingteacher.com*

Virtual

Connect virtually* for custom training and consulting without the added expense of travel. Training is conducted on a virtual meeting platform.

**High speed internet connection required.*
