

Mastercam

ROUTER

Mastercam Router delivers complex routing functionality from an easy-to-use interface.

FLEXIBILITY AND CONTROL

Mastercam Router offers solutions for all your 2D, 3D, or multiaxis challenges — from wood to composites.

Once you program a part, no matter how complex, you can modify any element of the job and get updated toolpaths without slowing down. You can also build a library of your favorite machining strategies and apply them to new models.

Mastercam's powerful Dynamic Motion technology not only helps extend tool life and reduce machine wear, but helps eliminate tool dwell damage as well. **Automatic Toolpathing (ATP)** brings in parts from today's top design packages to help speed flat panel work.

Mastercam Router streamlines multiple tool programming including block drills and aggregate heads.

Part and toolpath nesting increase project yields and profitability.

A comprehensive package of powerful tools.

2D machining can range from simple to very complex. Mastercam Router delivers powerful 2D tools from nesting, contouring, pocketing, and drilling to automated, feature-based, solid model programming.

For 3D machining, Mastercam Router gives you streamlined, efficient 3D roughing and finishing, including automated leftover stock cleanup. Mastercam's multiaxis capabilities give you complete control over the three crucial elements of multiaxis machining: cut pattern, tool axis control, and collision avoidance.

THE CHOICE IS YOURS

When you choose Mastercam, you get more than a license to run CAD/CAM software. You secure flexible options to empower your business and manufacturing operations — with the added value of shop-tested technology, responsive support, and a voice to guide future CAD/CAM developments.

FOR A MANUFACTURING SOLUTION THAT WORKS FOR YOU, CHOOSE MASTERCAM.

Trusted software and the world's largest CAM network give you the power to advance your manufacturing at a pace that works for you.

Perpetual licensing is available to operate Mastercam at a lower price over time, to complement long-term planning and budgeting capabilities.

Subscription licensing gives you lower up-front costs and renewable, term-based access to Mastercam with steady, predictable payments.

Mastercam Maintenance maximizes your productivity with priority access to the latest software, customer support, and so much more.
